Accounts Payable

Managing the payables to your vendors is a routine, yet important part of any business. You need tight control over your checkwriting, but you would like to minimize the time involved. SouthWare's Accounts Payable is a great way to get better control over payables -- with less time and effort.

BENEFITS

- Have complete and accurate vendor records at all times
- Know which vendors are due to be paid
- Plan for future cash needs
- Control when each invoice gets paid, how much gets paid, and where the check is sent
- Create a check whenever you need one
- Make sure you take advantage of vendor discounts
- Prioritize your payments when cash is tight
- Know which invoices have questions that must be cleared up before payment and make sure they don't get paid before they should
- Evaluate each vendor's performance
- Spend your time only on the non-routine payment situations that need your attention

SouthWare's Accounts Payable is a complete system for recording vendor transactions, writing checks, and tracking vendor activity. You can quickly take care of all your routine and not-soroutine payables tasks. You will be able to monitor your payables situation at all times. Plus, cash planning lets you prepare for your cash needs instead of just reacting to them.

Features & Functionality

Vendor Database

- Extensive standard data
- Payment status and priority
- 1099-MISC payments
- Automatic expense distribution option
- Up to 99 pay to addresses per vendor
- Excellence history per period for 5 years
- Notes and optional Extended Data

Transactions

- Invoice, credit memos, prepaid invoices
- Entry features customized per operator
- Multiple A/P, Discount and Cash accounts
- Allows one-time miscellaneous vendors
- Option to cancel incorrect postings
- Optional interface to Purchasing
- Expense to Accounts or Jobs
- Hold status for transactions with questions
- Customer Refunds
